* Shaping the Future Society
* Co-creation with Local Communities
* Co-creation with the International Community

Overview

Shimonoseki City University (SCU) is a municipal university located Shimonoseki in Yamaguchi Prefecture, a historically significant city for more than 1,000 years.

Established in 1956 as "Shimonoseki Commercial Junior College" it was intended to serve working youths who would otherwise not get access to higher education. SCU originally had only one department – the Faculty of Economics – but added the following departments and faculties as time went by:

1983	Department of International Commerce (the Faculty of Economics)
1990	Shimonoseki Institute for Research of Industry and Culture
2000	Graduate School (Master's courses)
2011	Department of Public Management (the Faculty of Economics)
2024	The Faculty of Data Science
2025	The Faculty of Nursing

SCU now has three faculties, Economics, Data Science and Nursing, as well as the Graduate School of Economics.

The number of students

As of May 1st, 2025, SCU has 2,137 students, including 27 graduate students and 48 international students, of whom 3 are exchange students.

Ever since SCU's foundation in the 1950s, our university has thrived through its strong international connections and willingness to collaborate with outside institutions, scholars, and businesses. As part of this tradition, we are entering a new phase of even greater international cooperation and collaboration, connecting with educational communities, institutions and organizations around the world, including *yours*. SCU is pleased to welcome *you* for a visit, for a semester, or for the duration of your studies.
